

Accessibility Statement

The Eucentre Foundation is committed to making its website accessible and usable by all users, including people with disabilities, regardless of the technologies they use. This statement, published on a voluntary basis, applies to the website www.eucentre.it.

Reference Standards

The Eucentre Foundation adopts the Web Content Accessibility Guidelines (WCAG) 2.1, Level AA, published by the World Wide Web Consortium (W3C) and internationally recognised as the standard for digital accessibility. Accessibility is an ongoing process: the Foundation regularly reviews the website and updates its content as technologies, standards and user needs evolve.

Compliance status

The website www.eucentre.it complies with the Level A and AA success criteria of WCAG 2.1, subject to the non-accessible content listed in the following section.

Inaccessible content

As of the date of the last audit, there is no inaccessible content.

Some content, particularly that provided by third parties, may be affected by technical limitations beyond the Foundation's direct control.

Assessment method

The website's accessibility was assessed on 23 September 2026 through a self-assessment.

Navigation support tools

The website www.eucentre.it incorporates the OneTap accessibility bar, which allows you to adjust text size and contrast, highlight links and text, and navigate the interface entirely using the keyboard. The bar is activated using the **Alt + .** key combination on Windows or **Cmd + .** on Mac. This tool is an additional aid and does not replace compliance with the accessibility criteria referred to in this statement. The availability and effectiveness of its features depend on the website's configuration and its ongoing maintenance.

Feedback and contact

Users who encounter accessibility barriers or wish to suggest improvements may write to info@eucentre.it. The Eucentre Foundation reviews all reports and undertakes to respond within

3–5 working days. Upon request, the Foundation provides assistance and makes content available through alternative channels.
